SUNMODO®

PRODUCT GUIDE

WE'VE GOT YOUR RACK!

Full Range of Racking Solutions

Unparalleled Custom Design and Engineering

Dedicated to Professional Installers

25-Year Product Warranties

20 Industry-Shaping Patents

Private U.S. Company

SUNMODO®

Racking partner of professional installers

SunModo works with professional installers around the world who need a full range of innovative solar racking and mounting solutions.

We want to be your first and only call for solar racking solutions, one hassle-free installation at a time.

What sets us apart: We respect the installer.

We think of our business as getting you on and off the roof or job site quickly with innovative, reliable racking solutions that perform flawlessly for years and years with no callbacks. We back our commitment with industry-leading warranties.

This causes us to listen carefully. To develop and deliver innovative solutions. To operate as your back office when planning and installing solar PV systems.

Together, let's harness the sun to power our world.

That's the meaning of our name SunModo – "the way of the sun."

MOUNTING MADE EASY

EZ Roof Mount for Shingle Roofs

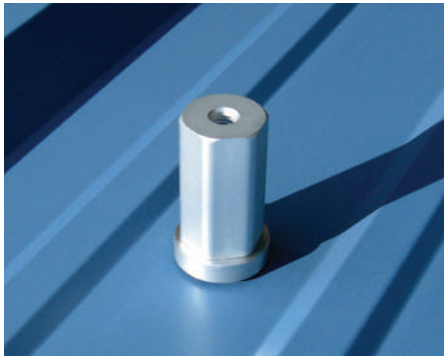
Save time, hassle, and callbacks by using EZ Roof Mounts for any composite shingle roof.

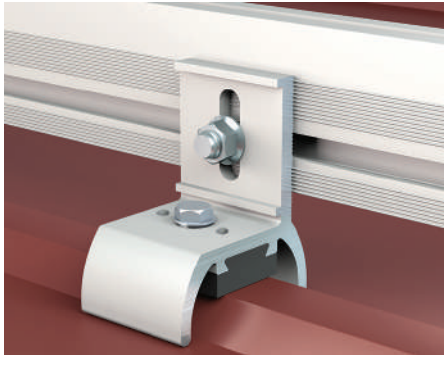
Benefits:

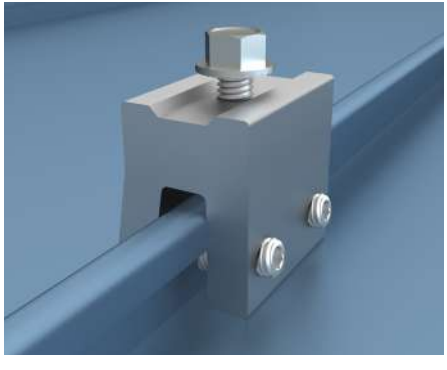
- Best-selling mount kit installs in less than a minute.
- Versatile mounting options including direct-to-decking.
- Virtually leak-proof engineering and design.
- Supports 300+ MW in installed capacity.
- Performed flawlessly in major storm conditions.

ROOF ATTACHMENT

TEST OUR METAL







Metal Roof Mount

Our wide variety of attachments makes easy work of any metal roof installation.

Benefits:

- Options for practically any metal roof.
- Simple, fast anchoring into wood trusses or metal purlins.
- Leak-avoiding design fastens on ridge peak or valley.
- Brackets engineered for easy adjustment and dispersed load.
- Durable all-aluminum finish to resist corrosion.

ROOF ATTACHMENT

CRACK THE CODE

Tile Roof Mount

No more lifting roof tiles, broken tiles or finding rafters by using TopTile Mount.

Benefits:

- Stanchion can be mounted in a tile ridge independent of rafter position.
- Hand bendable flashing and EPDM rubber boot for easy fit and superior leak protection.
- Significantly reduce installation time.
- Works with 90% of the tile roof types.
- Also available: EZ Tile Hook.

ROOF ATTACHMENT

ALWAYS PITCH PERFECT

Pitched Roof System

Employ the industry's most versatile, installer-friendly pitched roof mounting system.

Benefits:

- Strong, light-weight, corrosion-resistant aluminum.
- Easy to install with only a few components.
- Online configuration tool to streamline design process.
- Integrated grounding tested and certified to UL 2703 by Intertek.
- Class A Fire Rating for Type 1 and Type 2 modules.

GROUND MOUNT

POWER FROM THE SHADE

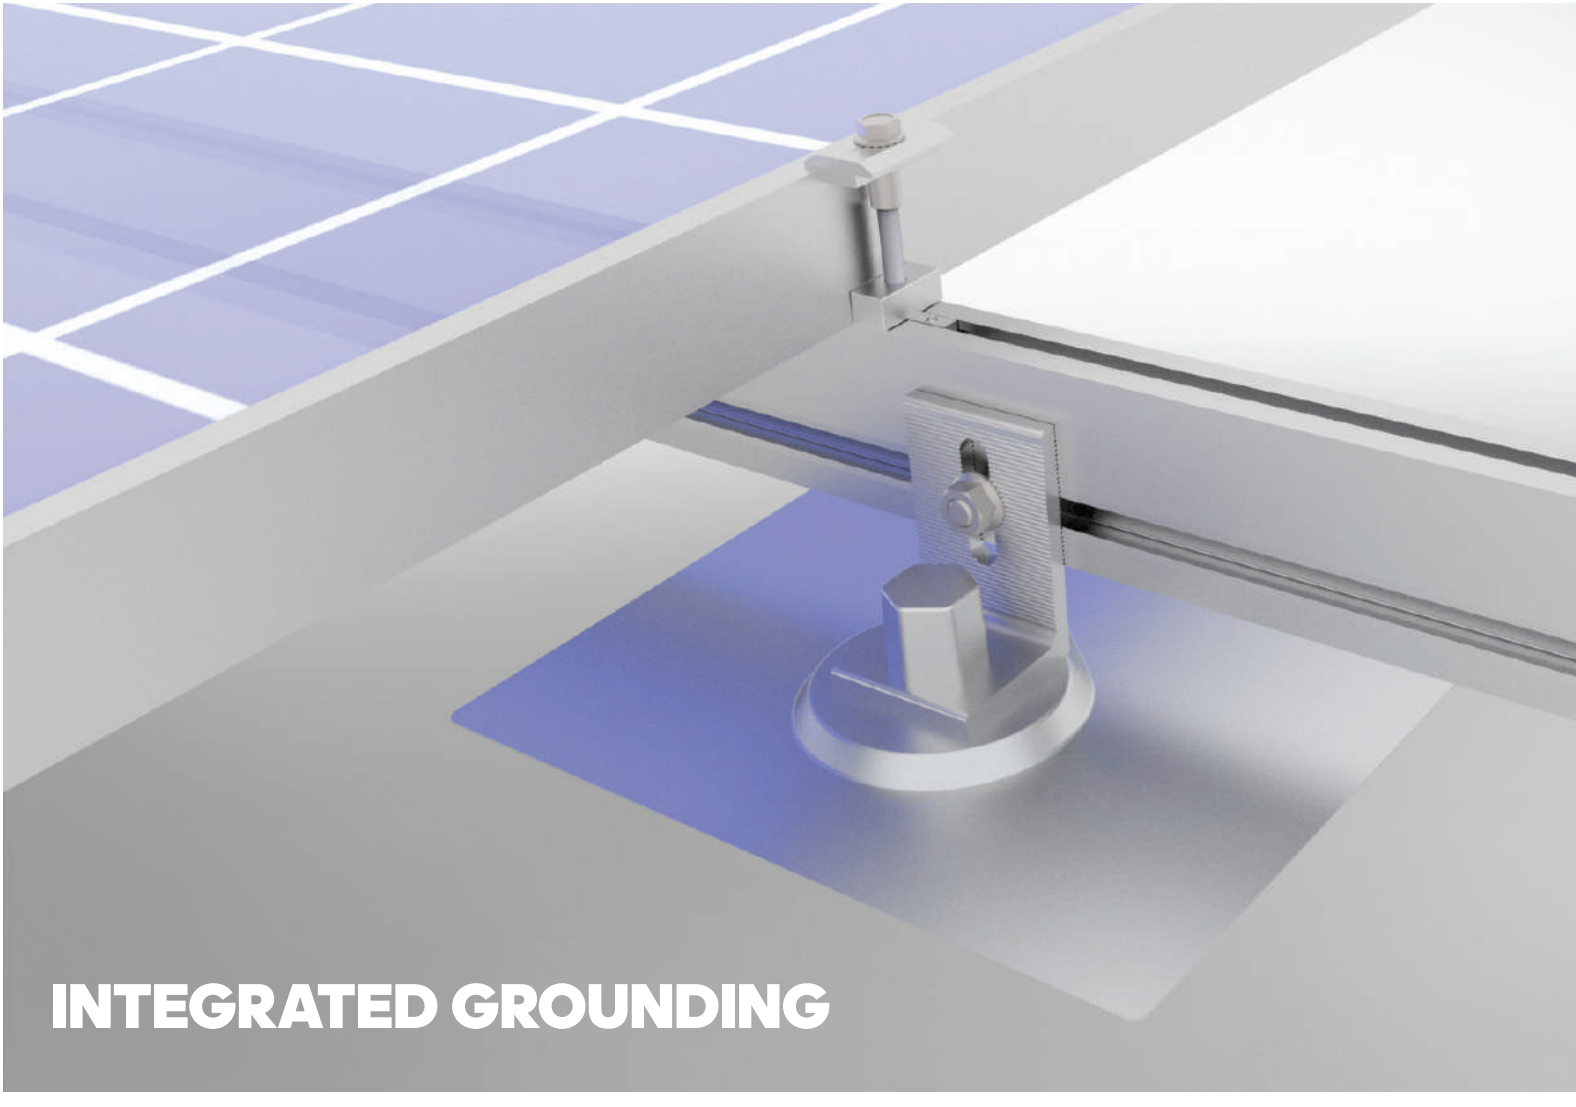
SunShield Awning System

Transform sun-shielding awnings into attractive power-generating systems.

Benefits:

- Folded triangular design for easy installation.
- Provide valuable shade for windows or structure below.
- Exceptional resistance to corrosion and wear.
- Minimal assembly required.
- Open the awning industry to solar tax credit.
- Also available: Custom Awning and Solar Panel Seam Gasket.

AWNING



INTEGRATED GROUNDING

Self-Grounding System

Use integrated grounding to save time and better protect installations.

Benefits:

- Built-in grounding pins form reliable, durable grounding connection.
- Eliminates need for separate grounding hardware.
- Innovative "T" bolt locking assembly for easy positioning and torquing.
- Conveniently accommodates either portrait or landscape configuration.
