Solar installation professionals prefer to rely upon a single partner for all their mounting and racking needs. **SunModo** is dedicated to providing innovative racking solutions that help you install systems quickly and painlessly. Our products already set the standard for durability, safety and security, and our R&D team is constantly engineering affordable, hassle-reducing innovations that meet industry standards. You can access our products through our preferred distributors.

RACK UP THE SAVINGS

We help you complete more installations in less time by getting you on and off the roof quickly, and avoiding expensive callbacks, patches and repairs. We want your client's solar investment to be safely anchored and racking up energy savings for years to come.

WE LISTEN

"Less time on the roof, better price and great quality… good feedback from customers and the systems look dynamite."
John Harley, National Solar

"We're saving time and money on each install. Easy to work with and the most knowledgeable team around."
Grant Lindsley, RS Energy

"I've lost count how many times we've provided feedback and the innovation is released in the next product. "
Howard Lamb, Sunergy Systems

SUNMODO®

RACKING PARTNER OF PROFESSIONAL INSTALLERS

Pitched Roof System

Our new SMR System is the best value, best performing pitched roof mounting system on the market. One tool assembly and Pop-On technology allow fast and worry-free installation. The cost and performance cannot be beaten.

Comp Shingle Attachments

NanoMount is the fastest installing roof mount in the industry and allows attachment to Deck or Rafters. SoloFlash is a cost-effective full size flashing option.

Tile Roof Attachments

TopTile cuts tile roof installation time in half by eliminating the need to move any tiles and reducing the likelihood of tile breakage. Options available for both curved and flat tile.

Metal Roof Attachments

SunModo provides a one-stop shop solution for all your metal roof mounting needs. Our wide variety of attachments makes easy work of any metal roof installation.

Ground Mount System

SunTurf Ground Mount allows single day install of 20kW and smaller systems. Ground anchors eliminate the cost and time of concrete and pre-cut pipe speeds installation of the racking.

AVAILABILITY

SunModo solutions are accessible to professional installers through preferred distributors.
