RE: SunModo Racking System

Dear Stella:

The compatibility test between SunModo Racking System and NEP micro inverter has been conducted and verified by SunModo, witnessed by NEP. We hereby confirm that SunModo racking system and NEP micro inverter are fully compatible and can work very well.

If you have any questions about best practices using SunModo racking with NEP inverters, contact SunModo. For NEP technical support, email info@northernep.com.

Sincerely,

Northern Electric and Power LLC
