WE'VE GOT YOUR RACK

WE OFFER:

- High quality, low cost racking solutions
- Quick to install systems
- Unparalleled engineering service
- Responsive professional support

Solar installation professionals prefer to rely upon a single partner for all their mounting and racking needs. **SunModo** is dedicated to providing innovative racking solutions that help you install systems quickly and painlessly. Our products already set the standard for durability, safety and security, and our R&D team is constantly engineering affordable, hassle-reducing innovations that meet industry standards. You can access our products directly or through our preferred distributors.

RACK UP THE SAVINGS

We help you complete more installations in less time by getting you on and off the roof quickly, and avoiding expensive callbacks, patches and repairs. We want your client's solar investment to be safely anchored and racking up energy savings for years to come.

WE LISTEN

"Less time on the roof, better price and great quality... good feedback from customers and the systems look dynamite."

John Harley, National Solar

"We're saving time and money on each install. Easy to work with and the most knowledgeable team around."

Grant Lindsley, RS Energy

"I've lost count how many times we've provided feedback and the innovation is released in the next product."

Howard Lamb, Sunergy Systems

RACKING PARTNER OF PROFESSIONAL INSTALLERS

Roof Attachments

Our easy-to-use flagship EZ Roof Mounts anchor 300MW in installed capacity.

Pitched Roof System

With a full range of mounts and components, our pitched roof system can be configured in an endless variety of designs.

Flat Roof System

Our easily adjustable SunTurf System spans over obstacles to take full advantage of roof space, maximizing size and increasing ROI.

Ground Mount System

Our SunTurf System can be integrated with steel supports for ground-mounted solutions. Works with a variety of foundation options including our unique drive-in earth anchors.

Self-Grounding System

Our breakthrough self-grounding design includes convenient T-bolt locking feature and unique integrated grounding pins. Our shared rail adaptor makes the same rail workable for portrait or landscape panel configuration.

AVAILABILITY

SunModo solutions are accessible to professional installers directly or through preferred distributors.
